BUILDING.
Gammon Hall will be ready for occupancy in October. It will be a beautiful building—a modified form of Gothic architecture, built of brick with stone trimmings, one hundred and ten by fifty-two feet, four stories high. One-third of the cost—$25,000—was donated by Mr. Gammon, and the remainder raised by Bishop Warren.

COURSES OF STUDY.
Candidates for admission must show proficiency in the Common English branches. The various classes of the University will be open to all those who are not thus prepared.

The Regular Course will cover three years, and will include all the books of the Disciplinary Courses of Study. Especial attention will be given to Bible Study, Church Discipline and Laws, Rhetoric and Elocution. The whole aim will be to prepare young men for usefulness in their work as ministers of the Gospel.

Every spring a Pastor’s Course of Study will be conducted for a month, in connection with a Theological Institute, for the accommodation of those who are in the active work of the University.

LECTURES.
Lectures on appropriate topics will be delivered at least once a week by persons from our own vicinity and from abroad.

LIBRARY.
We already have a large and valuable Theological Library, and additions are frequently made.

We hope some generous friends will give us a large supply of the books prescribed by the Discipline.
CATALOGUE.

TERMS OF ADMISSION.

Candidates must bring credentials if already ministers; others must show a recommendation from their Official Board or Quarterly Conference.

The Doctrines and Discipline of the Methodist Episcopal Church will be the standard, but students from other Churches are cordially welcomed. The school is intended to do the greatest possible good for the cause of Christ, without reference to sectarian lines.

EXPENSES.

Board and Fee the same as in the University. Four weeks $9. Aid will be given by loan, to the deserving students of the Methodist Episcopal Church, and to others as far as possible.

INDUSTRIAL DEPARTMENT.

We consider the practical training of this department as valuable for several purposes. First, to correct the idea that education prepares for a life of indolence; second, to furnish a means of obtaining an honest living; third, to secure healthful exercise for the students; fourth, to train the intellect through the skillful use of the hands. Lack of funds has prevented a thorough carrying out of our plans, but two years of work have resulted in the following:

CARPENTER SHOP.

Here are a steam engine, two saws, two lathes, a printing press, a scroll saw and eleven sets of carpenters' tools. The young men have built a dormitory, three large houses, two shops and a barn. Besides their out-door work, they have learned to draw plans of houses and churches, and to make specifications and estimates.

BLACKSMITH SHOP.

An instructor was only secured for a short time, but the repairing for the University has been done here, and a few instructed in the art of iron working. The shop is furnished with forge, two anvils, and two sets of tools. We need a small endowment for this branch.

SCHOOL OF DOMESTIC ECONOMY.

A six room cottage has just been completed and will be entirely furnished in readiness for Fall Term. The young ladies of the highest class will live in the cottage and learn all the arts of housekeeping under a competent matron. For two years all the girls have received thorough instruction in sewing. Every effort will be made to teach the young ladies how to make and keep neat, Christian homes.

AGRICULTURE.

The young men have carried on quite a large farm, decreasing the expenses of the boarding department, and aiding themselves. However, lack of a farmer to take charge and want of tools has prevented the carrying out of any systematic plan. Nowhere about the University could a few hundred dollars be spent to better advantage.

Winter Term, of Eleven Weeks, begins Tuesday, Jan. 1st, 1884, and closes March 15th. Vacation of one week.

Spring Term, of Eleven Weeks, begins Monday, March 25th, 1884, and closes June 7th.

Free School July, August and September.

A Teacher's Training Class will be organized the Spring Term of each year for those who expect to teach Free Schools.

Good board and rooms may be had in Christian families for $6.50 and $7.00. Tuition, 50 cents for Primary and 60 cents for Senior Grades.
**TERMS OF ADMISSION.**

Applicants for admission must sign a pledge to abstain from the use of intoxicating liquors and tobacco in any form while members of the school.

Students from other schools must bring letters of honorable dismissal; and in order to enter advanced classes must show certificates of scholarship.

Students are requested to come on the first day of the term and save themselves and teachers much trouble.

All persons who neglect their studies, are not neat in their persons and habits, disobey rules frequently, or in any way exert an evil influence, will be dismissed.

Students are admitted to all the privileges of the school without regard to color, sect, or sex.

**RECITATIONS.**

We cannot start classes to suit the convenience of late comers. Classes in Latin, Greek and Higher Mathematics are generally started in Fall Term, or when the regular classes are ready for them. Students behind a class, even in one study, are ranked with next lower class until the deficiency is made up.

**MUSIC.**

The school has two pianos and an organ, and an experienced teacher devotes her whole time to this department.

**EXPENSES.**

Board is charged by the week, and students are required to pay in advance for at least four weeks. It is safer to deposit all surplus money with the Treasurer.

All students are required to work for the University one hour per day, subject to printed rules. No one required to do work injurious to health.

**STUDENT AID.**

Do not come expecting help, unless you make definite arrangements beforehand. We generally require students to pay for a month, at least, in advance, so that we can learn whether they are worthy of aid. It is thought best to cultivate a feeling of independence by requiring students to work for help allowed. In some cases we grant loans to advanced students.
A student of good moral character, diligence, and ability will always find some way to finish his education.

LOCATION.
Atlanta, being easily reached by railroads from every direction, is especially adapted for the location of a school. Clark University is on a high, heavily-wooded ridge, where there is plenty of pure air and water. There are several fine mineral springs on the grounds. Over 400 acres afford ample room for healthful recreation. We are near enough the city for business purposes, and far enough away to render it easy to keep the students away from its temptations. The East Tennessee, Virginia & Georgia Railroad will land students close to the College.

LIBRARY.
There are nearly 2,000 volumes, and constant additions are being made.

APPARATUS.
By the generosity of Mrs. E. H. Gammon, of Batavia, Ill., the school will have Chemical and Philosophical Apparatus necessary for class use.

LITERARY SOCIETIES.
There are three Literary Societies—two conducted by the gentlemen and one by the ladies.

VISITORS.
Being so centrally located, this school is especially favored with lectures and sermons from prominent men. During the last two years we have been addressed by Bishops Warren, Wiley, Turner and Merrill; Rev. Drs. Blyden, Walden, Rust, Mallalieu, Bayliss, Braden, Mayo and others.

SUNDAY SCHOOL INSTITUTE.
This year was inaugurated a series of annual Sunday School Institutes. Rev. A. H. Gillett, of Cincinnati, took charge, and several eminent ministers from abroad assisted. It is intended to establish on our beautiful grounds a Southern Chautauqua.

RELIGIOUS SERVICES AND INFLUENCES.
Believing that all unsanctified education is an injury rather than a blessing, especial attention is given to Bible study and to religious training. Every Sabbath morning the school meets for the study of the International Bible Lessons, and the Chautauqua Normal Course. A preaching service is held in the afternoon, and prayer meetings at night and twice during the week. Parents may be sure that their children will be under the best of influences.

NEEDS.
Books and apparatus.
A Fund for help of needy students.
An Endowment for the permanent support of the school.
Tools and Money for the Industrial Department.
A Building, costing about ten thousand dollars, for chapel and dining-room. Our present accommodations are inadequate.

MISCELLANEOUS.

To Parents.—Send your children on the first day of term. Never send on Sunday.

Give them warm clothing, towels, napkins and soap, but little extra money. Write to the President if you hear rumors that they are sick.

Send no boxes of food, without enclosing money for doctors' bills.

Never send your children unless you intend to keep them here as long as you believe them to be treated well. Home-sickness is frequent the first month, but easily cured.

Do not furnish your children with expensive clothing at any time, especially at commencement.

To Students.—Your entrance into the school is considered a promise to obey the rules and to be prompt and diligent.

Visits cannot be made or received on Sunday.

Students who do not live at home cannot board out of the Institution without special permission.

Direct all letters and express packages to Clark University, Atlanta, Ga. Much trouble and delay will be saved by sending money direct to the President, who will send receipt.

We bear patiently with troublesome students, as long as we think there is hope of reform, but the following misdemeanors bring immediate suspension, viz.: Keeping or using fire-arms, the use of tobacco, liquor, cards, or profanity; repeated disobedience of any rule.

Notice.—If you take a hack at the depot require the driver to promise to take you to Clark University, on McDonough street. The University Omnibus will be at the depot the first week of each term to meet the day trains.

CALENDAR 1883-'84.

Fall Term begins Wednesday, Oct. 3d.
