A Selected Bibliography

March 2010

Preface

On February 28, 2006, the Robert W. Woodruff Library and the Library Advisory Council hosted an exhibit and reception to celebrate the scholarly publications of Atlanta University Center faculty. As a complement to that event, the Robert W. Woodruff Library developed the publication, Atlanta University Center Faculty Publications: A Brief Bibliography, which highlighted selected scholarly and research contributions of the Atlanta University Center faculty. For the first time, on March 18, 2010, student research was also featured as part of the Exhibit and a complementary bibliography was created. This new bibliography illustrates the richness student contributions within Atlanta University Center member institutions. Atlanta University Center Student Publications: A Brief Bibliography represents a new living document of student research which will be updated as new contributions emerge. Readers are invited to visit the Robert W. Woodruff Library's DigitalCommons (<http://digitalcommons.auctr.edu>) on the Library's website for future reference and use.
