**SENIOR YEAR.**

MENTAL PHILOSOPHY—Porter.

LOGIC—Jevons.

MORAL PHILOSOPHY—Fairchild.

POLITICAL PHILOSOPHY—Civil Liberty and Self Government, Leiber.

HISTORY—History of Civilization, Guizot.

SCIENCE—Natural Philosophy, Peck's Ganot; Astronomy, Lockyers.

GERMAN—Grammar, Whitney; Reader, Whitney.
Agricultural Course.

The requirements for admission to this course are the same as for the Scientific Course.
The studies are also the same, excepting that, during Junior and Senior Year, Agricultural Chemistry, Entomology, Zoology, etc., are taught in place of an equal number of the studies of that course.
The improvement and cultivation of portions of the inclosed lands of the Institution, now amounting to about forty acres, afford opportunities for practical instruction in gardening, farming, and kindred pursuits.
The degree of B. S. will be given to graduates from this course.

College Preparatory Course.

For admission to this course pupils must be thoroughly prepared in Reading, Writing, Spelling, Arithmetic, Geography, English Grammar, and United States History.

FIRST YEAR.

LATIN—Elementary Book, Harkness.
ENGLISH—Higher Lessons, Reed and Kellogg.
MATHEMATICS—Elementary Algebra, Loomis.
HISTORY—General, Swinton.
Good Morals and Gentle Manners, Gow.
Reading, Writing, and Spelling.

SECOND YEAR.

LATIN—Grammar, Reader, Composition, Harkness: Viri Romae, Smith.
GREEK—Grammar, Hadley; First Lessons, Boise.
MATHEMATICS—Arithmetic, Sanford.
PHYSICS—Elementary, Steele.
HISTORY—General, Swinton.

THIRD YEAR.

LATIN—Cicero, Four Orations against Catiline, Stuart; Virgil, Three Books of Æneid, Chase, Composition, Harkness.
GREEK—Xenophon’s Anabasis, Three Books, Boise.
MATHEMATICS—Geometry, Three Books, Bradbury.
SCIENCE—Physical Geography, Houston.
Scientific Preparatory Course.

The requirements for admission to this course are the same as for the College Preparatory Course.

FIRST YEAR.

Same as the First year of the College Preparatory Course.

SECOND YEAR.

LATIN—Grammar, Reader, Composition, Harkness.
MATHEMATICS—Arithmetic, Sanford.
SCIENCE—Elementary Physics, Steele; Elementary Physiology, Steele.
HISTORY—General, Swinton.
BOOK-KEEPING—Mayhew.
TEACHING—Theory and Practice, Page.

Higher Normal Course.

The requirements for admission to this course are the same as for the College Preparatory Course.

A certificate of graduation will be given to those who complete this course.

FIRST YEAR.

ENGLISH—Higher Lessons, Reed and Kellogg.
MATHEMATICS—Elementary Algebra, Loomis.
HISTORY—General, Swinton.
Good Morals and Gentle Manners, Gow.
Reading, Writing, and Spelling.
LATIN—Elementary Book, Harkness.

SECOND YEAR.

MATHEMATICS—Arithmetic, Sanford.
BOOK-KEEPING—Mayhew.
HISTORY—General, Swinton.
SCIENTIFIC—El. Physics, Steele; Botany, Miss Youmans.
SCIENCE OF GOVERNMENT—Alden.
TEACHING—Theory and Practice, Page.
THIRD YEAR.

ENGLISH—Literature, Gilman with authors; History.
MATHEMATICS—Geometry, Three Books, Bradbury.
SCIENCE—Physical Geography, Houston; Astronomy, Lockyers; Geology, Dana; Chemistry, Steele.

FOURTH YEAR.

ENGLISH—Milton and Shakespeare.
MENTAL PHILOSOPHY—Rivers.
MORAL PHILOSOPHY—Fairchild.
EVIDENCES OF CHRISTIANITY—Hopkins.
MATHEMATICS—Algebra, Peck.
ESTHETICS—Lectures on the History of Art.

Normal Course.

This course consists of the ordinary Grammar-School branches and the studies of the first two years of the Higher Normal Course.

No examination for admission is required, but pupils will be classed according to their attainments.

This course is formed to meet the immediate demand for teachers throughout the State. A certificate of graduation will be given to those who complete this course.

Written examinations are required in the studies of all the courses, except the Normal, at the close of the Fall and Winter Terms, and oral examinations in the studies of all the courses, annually, during the three days next preceding Commencement; also written examinations are required frequently in Common English branches from all students above the Normal Course.

In addition to the prescribed studies, young women in the Higher Normal Course are taught "Household Science," embracing Plain Sewing, Cookery, Nursing the sick, etc.

This instruction is given both by familiar lectures and by practice in those arts. Specimens of their sewing are to be preserved for examination.

Rhetorical exercises and weekly Bible lessons are required throughout all the courses.
GENERAL INFORMATION.

Membership.

For membership in the Institution a person must have a good moral character, and must sign a pledge to abstain from the use of all intoxicating drinks and tobacco in every form, while a member of the school.

Pupils from other schools must present certificates of honorable dismissal.

Applications for admission should be made at least a month before the beginning of a school year.

Pupils should enter the first day of a school year that they may be immediately classified, and thus lose no time. Students lose their membership when absent one month. During vacation, as well as during term time, students are held amenable to the authority of the school.

Those who have not a fixed purpose to improve their time, and an earnest desire to fit themselves for usefulness, should not seek admission, as the presence of such is not tolerated.

The Institution is not sectarian in its religious instruction or influence, while aiming to be thoroughly Christian. It is open to all students of either sex.

It is desired to make the school, as far as possible, a home for those who attend. Not only their intellectual, but also their social, moral and religious culture, receive careful attention.

Student Aid.

Several students have been aided during past years by the Peabody Fund and contributions from the friends of popular education. It is expected that this help will be continued.

The only permanent fund is the "Plainfield Scholarship" of three hundred dollars.

Persons should not come expecting to receive aid until they have applied for it, and received a favorable answer. Those applying should state their pecuniary circumstances, their advancement in their studies, and, as far as possible, what pursuit they intend to follow.

It is expected that those who are aided will, when able, return the amount to aid others.
Music.

Facilities for instruction in both Vocal and Instrumental Music are ample. The Elements of Vocal Music are taught from Dr. Mason's Music Charts, without extra-charge.

For practice in Instrumental Music, there are four organs and two pianos. (See expenses.)

Graves Library.

By the liberality of the late R. R. Graves, Esq., of New York, and a few other friends, the library now contains nearly four thousand volumes. Mr. Graves has also given a permanent endowment of five thousand dollars, which secures its steady growth.

In connection with the Library is a Reading Room, well supplied with the leading papers and periodicals of the country, and to both the students have free access.

Apparatus.

A good beginning has been made in procuring Philosophical Apparatus. Enough has been obtained for illustrating some of the simpler principles of Natural Science, and also instruments for Surveying and Engineering purposes.

Some money has been contributed toward the purchase of a Telescope, and it is hoped that before long enough will be raised to procure a serviceable instrument.

Teaching.

It is expected that a majority of the students will engage in teaching, and instruction in all departments is adapted to that end. Earnest efforts are made to induce young men to prepare for the ministry.

Nearly all of those who are sufficiently advanced in scholarship aid themselves by teaching. The demand for teachers is usually in excess of the supply.
County Superintendents of Schools, and others desiring teachers from this Institution, will find it for their interest to arrange their schools, if possible, so as to include its summer vacation, viz., the months of July, August and September. Communications from all such officers will receive prompt attention.

Students of this Institution, desiring to teach, will be furnished certificates of membership and standing. As a means of protection against imposition, applicants for schools claiming to be from Atlanta University should be required to exhibit such certificates.

**Government.**

Discipline is administered with firmness and impartiality, and aims to induce a high moral sentiment which shall be in itself a powerful governing force in the school.

Suspension from school is resorted to when other means of correction fail.

When students are exposing themselves to permanent harm, it is expected that high-minded individuals will be governed by the dictates of conscience and common-sense, rather than by any false sense of honor, in regard to disclosing the facts to the proper authority.

**Wants.**

The school being without endowments, is dependent upon the American Missionary Association for all support not derived from other sources.

Our needs are such as all young Colleges have—endowments, scholarships, reference books, maps, apparatus, etc.

It is hoped that the time is not far distant when funds will flow into the treasury of the Institution as freely as they do into colleges in other parts of the country.

**Expenses.**

All payments must be made in advance on the first day of each month.

All pupils are required to work for the Institution at least one hour a day. This requirement makes the above low charges possible.

Remittances in payment of bills should be made by money-orders, drafts, in registered letters, or by express.

Make money-orders and drafts payable, during 1879-80 to T. N. Chase, and address all moneys to him. Receipts will be promptly returned.

Miscellaneous.

Each pupil should bring a Bible. It is needed for private reading, for the Sunday-school, and for the weekly Bible lesson.

It is well to bring the text book formerly used.

All should be provided with warm clothing.

Young women should have rubbers and waterproofs.

Economy and good taste demand plain and simple clothing. Parents are urged to co-operate with teachers in seeing that none other is worn. No extra dress is required for the close of school.

Letters should be directed to Atlanta University, Atlanta, Ga.

Experience has taught that much evil comes from pupils receiving food from home. They are, therefore, not allowed to receive it. Friends will please not send it.

Students who do not board at their homes are not allowed to board out of the Institution, except by special permission.

Boarders are expected to furnish their own towels.

Keeping or using fire arms on the premises is forbidden.

During term-time students shall not, without permission, actively participate in any political or mass meeting.

Students from a distance should arrange their journeys so as not to arrive on the Sabbath, as they will not be admitted on that day. When going away, they should apply for dismissal in season to arrive at home before the Sabbath.

Students are not allowed to make visits on the Sabbath, and their friends are earnestly requested not to call upon them on that day.

The Institution is the result of benevolent efforts, and that it be decidedly religious in its influence, without being sectarian, is the reasonable expectation of its friends. Among the appropriate means for securing such results, the Sabbath, with its religious services, is the most important. The excitement of visiting friends prevents, in a great measure, the benefit that may be derived from a proper observance of the day.
Calendar.

ANNIVERSARY EXERCISES, June 23d, 24th, 25th and 26th, 1879.
ANNUAL MEETING OF THE ALUMNI, June 26th, p. m., 1879.
EXAMINATIONS FOR ADMISSION, June 27th and October 1st, 1879.
FALL TERM begins, Wednesday, October 1st, 1879.
VACATION DAYS, Christmas and New Years.
WINTER TERM begins, Friday, January 2d, 1880.
VACATION, the last week in March, 1880.
SUMMER TERM begins, Thursday, April 1st, 1880.
ANNIVERSARY EXERCISES, June 21st, 22d, 23d and 24th, 1880.
COMMENCEMENT DAY, Thursday, June 24th, 1880.
In October, 1867, a Board of Trustees was formed, and a charter obtained. Money was secured and a site of about fifty acres, on high ground, in the western part of the city, was purchased. In June, 1869, the corner-stone of the first building was laid. During the summer the building was erected, and in October was occupied by the school. It is a plain, four-storied, brick building, containing sleeping-rooms for about forty pupils, and also a parlor, dining-room, kitchen, etc. It was designed for a girls' dormitory, but during the first year, furnished all accommodations, both school and boarding, for the entire school. It was much crowded, and the inconvenience of the arrangement was very great. In August of 1870, another building of the same style, but larger, containing sleeping-rooms for about sixty boys, besides temporary school-rooms, was completed. In the summer of 1871 this building was enlarged by a wing, providing rooms for about forty pupils, and other school-rooms. This entire building is now heated by steam. The trustees hold about sixty acres of land and the above described buildings. There has been a pressing need of an addition to the North Hall, and a central building containing chapel, library, laboratory, recitation, and lecture rooms. It is expected that the gift of fifty thousand dollars from the "Stone Estate," Malden, Mass., will soon furnish these buildings.

The Legislature of Georgia, in 1870, appropriated to this school $8,000. The same amount was received in 1871 and in 1873. In 1874 a bill was almost unanimously passed making an annual appropriation of $8,000. This bill was entitled "An act equitably to adjust the claims of the colored people to a share of the Agricultural Land Scrip." It made the appropriation on condition that the Board of Visitors of the University of Georgia should also visit this school; that the money should not be paid by the Governor till a commission of three members of the Faculty of the University of Georgia had approved the plan of the Trustees for the expenditure of the money, and that the school should educate, free of charge for tuition, one pupil for every member of the House of Representatives, to be nominated by the members.

Nearly all the graduates, and many others who have left before finishing their course, are engaged in teaching during a part or all of the year. Besides these, during the three months of the summer vacation a large number of students engage in teaching, and it is estimated that over ten thousand children in Georgia are taught, annually, by those who have been connected with this institution.

During the year the attendance of students has been larger and more constant than any previous year. They have come from ten different States, and those from Georgia have represented forty-seven counties.
Report of the State Board of Examiners.

To the Board of Visitors:

GENTLEMEN—Your committee, charged with the duty of reporting upon the annual examinations of the University of Atlanta, have the honor to report as follows:

For the first time since the establishment of the University, the examinations were attended by the entire Board of Visitors; thus showing the increased interest taken by them in this very important educational experiment. The teachers seem thoroughly competent, each in his or her sphere, to give all the instruction called for by the prescribed course of study, and there can be no doubt of the patient zeal and energy with which they perform their duties. This is evidenced by the progress of the pupils; by the care with which the students are made to explain the texts of the books from which they recite; by the clearness of such explanations; by the excellent behavior of the scholars, and the remarkable neatness of the school rooms—the desks, chairs, walls and floors being free from ink or other stains, and pencil or knife marks.

The recitations will average fair. Some were excellent, others not so good. But your committee were impressed with the fact that the colored race, whether of pure or mixed blood, are capable of receiving the education usually given at such institutions. Whether they will be able to build, and build usefully, upon the foundation thus laid, remains to be seen. If they cannot or do not do it, it will not be the fault of their instructors; and your committee cannot refrain from commending the course of Mr. President Ware in impressing upon the graduates the fact that the information which they had received was not an education, but only the knowledge of what an education was, and that the real work of education began where their college course ended.

Referring to the very able report of your committee of last year, your present committee desire to express their gratification that it has apparently been heeded by those in immediate control of the University. The objectional sectional books have disappeared from the library, and your committee are assured, not only that "those Northern teachers do not try to alienate them (the pupils) from old masters and homes, and from their native State," but that every effort is used to counteract any tendency towards such alienation.

Among the text books is one which your committee thinks teaches incorrect theories of constitutional law, and they have pointed out the supposed defects to Mr. President Ware, and believe that the matter will receive prompt attention, and the evil complained of be done away with.

It is of vast importance that these pupils should receive correct information as to the true nature of United States, and State governments, and their relations to each other. Politics and political instruction should not enter into the course of study; but certain broad principles of constitutional gov-
ernment should be taught, and great care should be taken that such principles be taught from the standpoint of constitutional law, not political opinion; and questions upon which political parties are divided should be either entirely ignored or the two constructions stated without comment.

Your committee therefore recommend that the State Commissioners of the University be instructed to examine the text-books used, with power to reject such as may prove objectionable; and it is believed that the faculty will heartily approve such a plan, as your committee feels satisfied that such books (if there be such now in use) have been adopted with a perfect unconsciousness of any objectionable feature. Your committee so think because free and candid conversations with the President and various members of the Faculty have convinced them that they (the Faculty) are animated by a sincere desire to elevate the colored race upon its own merits, are free from any leveling tendencies, and recognize the fact that their pupils' true interests are to live in harmony and accord with their late owners, now, as in the past, their best friends.

It will be gratifying to the State authorities, and to the people at large, to learn that strict attention is paid to the moral culture of the students, and that, so far, every graduate has been a professor of some protestant faith.

Your committee cannot close their report without expressing the gratification they experienced in attending the commencement exercises. Special mention would be inappropriate. Suffice it to say that some of the orations and essays would have reflected no discredit on graduates of more pretentious institutions.

Respectfully submitted,

WM. D. HADEN,
Chairman Special Committee.

J. H. DUNHAM.

MARK W. JOHNSTON.

On motion, the report of the Committee of the Board on the Atlanta University was unanimously adopted, and ordered to be sent to the Governor.

H. H. JONES,
Chairman of General Committee.

J. H. DUNHAM,
C. P. CRAWFORD.
## Cash Donations

From April 2d, 1878, to May 2d, 1879.
