COURSES OF STUDY.

The following Courses of Study are now established, and others will be added as may be required.

COLLEGE COURSE.

For admission to this course, pupils must pass a thorough examination in the common English branches, and also in the studies of the Preparatory Course or their equivalent.

The degree of B. A. is given to graduates from this course.

FRESHMAN CLASS.

Greek—Grammar, Hadley; First Lessons, Boise; Xenophon's Anabasis, Three Books, Boise.

Latin—Cicero, On Old Age and Friendship, Chase and Stuart; Livy, History, Chase and Stuart; Latin Prose, Jones.

Mathematics—Algebra, Peck; Plane Geometry, Bradbury.

SOPHOMORE CLASS.

Greek—Xenophon's Anabasis, Three Books, Boise; Xenophon's Memorabilia, Winans; Homer's Odyssey, Merry.

Latin—Livy, History, Chase and Stuart; Tacitus, Germany and Agricola, Greenough; Horace, Odes, Chase and Stuart.

Mathematics—Solid and Spherical Geometry, Bradbury; Trigonometry and Surveying, Bradbury.

English—Literature, Rhetoric, Kellogg.

JUNIOR CLASS.

Greek—Olynthiacs and Philippics of Demosthenes, Tyler; Testament; Gorgias of Plato, Woolsey.

Latin—Cicero, Tuscanus Disputations, Chase and Stuart.

Science—Natural Philosophy, Peck's Ganot; Astronomy, Lockyer; Chemistry, Steele; Geology, Dana.

SENIOR CLASS.

Mental Philosophy—Haven.

Logic—Jevons.

Political Economy—Wayland.

Moral Philosophy—Fairchild.

Evidences of Christianity—Hopkins.

History—History of Civilization, Guizot.

Natural Theology—Chadbourne.

German, or Civil Liberty and Lectures on Art.
COLLEGE PREPARATORY COURSE.

For admission to this course, a thorough examination must be passed in Spelling, Geography, United States History, Grammar, and Arithmetic as far as Square Root.

JUNIOR CLASS.

**ENGLISH—Grammar and Composition.**

**MATHEMATICS—Elementary Algebra, Loomis.**

**LATIN—Allen's New Latin Method.**

**PHYSICAL GEOGRAPHY—Commercial Geography.**

**GOOD MORALS AND GENTLE MANNERS, Gow.**

**READING, DRAWING, MUSIC.**

**WOOD-WORKING (see Mechanical Course.)**

**SCIENCE—Physiology (one term); Botany.**

**LATIN—Grammar, Allen and Greenough; Caesar, Gallic War, Allen and Greenough; Cicero, Orations, Allen and Greenough.**

**SCHOOL ECONOMY AND PRIMARY METHODS.**

**DRAWING, MUSIC, COMPOSITION.**

**WOOD-WORKING.**

SENIOR CLASS.

**HISTORY—General, Swinston.**

**ENGLISH—Literature, Gilman.**

**MATHEMATICS—Plane Geometry, Bradbury.**

**SCIENCE—Physics, Temperance.**

**LATIN—Cicero, Orations, Allen and Greenough; Vergil, Aeneid, Allen and Greenough; Latin Prose Composition, Jones.**

**DRAWING, MUSIC, COMPOSITION.**

**METAL-WORKING.**

NORMAL COURSE.

(Formerly Higher Normal Course.)

The requirements for admission to this course are the same as for the College Preparatory Course.

A certificate of graduation is given to those who complete this course.

JUNIOR CLASS.

**ENGLISH—Grammar and Composition.**

**MATHEMATICS—Elementary Algebra, Loomis.**

**LATIN—Allen's New Latin Method.**

**PHYSICAL GEOGRAPHY, COMMERCIAL GEOGRAPHY.**

**GOOD MORALS AND GENTLE MANNERS, Gow.**

**READING, DRAWING, MUSIC.**

**WOOD-WORKING FOR BOYS; SEWING AND COOKING FOR GIRLS.**
Atlanta University.

JUNIOR MIDDLE CLASS.

ENGLISH—Seven British Classics, or equivalent.
MATHEMATICS—Arithmetic, Book-keeping.
SCIENCE—Physiology, Botany.
SCHOOL ECONOMY AND PRIMARY METHODS.
DRAWING, MUSIC, COMPOSITION.
WOOD-WORKING FOR BOYS; SEWING AND COOKING FOR GIRLS.

SENIOR MIDDLE CLASS.

ENGLISH—Literature, Gilman.
MATHEMATICS—Plane Geometry, Bradbury.
SCIENCE—Physics, Temperance.
DRAWING MUSIC, COMPOSITION. PRACTICE TEACHING.
METAL-WORKING FOR BOYS; DRESS-MAKING AND COOKING FOR GIRLS.

SENIOR CLASS.

MORAL PHILOSOPHY—Peabody.
MENTAL PHILOSOPHY—Rivers.
ASTRONOMY—Lockyer.
GEOLoGY—Dana.
UNITED STATES HISTORY.
CIVIL GOVERNMENT, Alden.
PEDAGOGICS, PRACTICE TEACHING.
REVIEWS OF COMMON BRANCHES.
GENERAL HOUSEKEEPING FOR GIRLS.

MECHANICAL COURSE.

At present this course covers three years; two of wood-working and one of metal-working. It is required of all boys above the third grade, in addition to their regular studies in other courses. Seven and a half hours each week are given to this work.

It is the aim, during this time, to teach the use of tools and the principles of wood working and metal working. Those having finished this course who have the ability and the desire to become finished workmen in some one of the trades, will have the opportunity to do so.

FIRST YEAR.

The use and care of the common wood working tools, as the hammer, saw, plane, try-square, gauge, rule, chisel, mallet, bit and brace, bevel, steel square, drawknife dividers, screwdriver.

The general principles of wood working, as sawing, planing, marking, chamfering, boring, mortising, tenoning, halving, grooving, matching, mituring, beveling, dovetailing, gluing, steaming and bending, driving nails and screws, sandpapering, finishing.

Working drawings with steel square and pencil. Measuring lumber.
SECOND YEAR.
Further use of tools and some application of principles in construction.
The use of wood turning lathe and the jig saw.
First step in pattern making.
Glazing.
Drawing with instruments.

THIRD YEAR.
Metal working, beginning with the use of blacksmith's tools and forge.

GRAMMAR SCHOOL COURSE.

Although the following course of study covers eight years, there is no class in this school below the fourth year.

FIRST YEAR.
Reading Charts, First Reader, Number Lessons, Object Lessons (Place, Direction, Plants), Drawing, Writing with pencils, Singing.

SECOND YEAR.
Second Reader, Oral Spelling, Number Lessons, Object Lessons (Animals, Land and Water), Drawing, Writing with pencils, Singing.

THIRD YEAR.
Third Reader begun, Primary Arithmetic, Geography of city or county and state, Globe Lessons, Dictation Exercises, Copy Book No. 1, Spelling, Singing.

FOURTH YEAR.
(Fifth Grade.)
Third Reader and Supplementary Reading, Intermediate Arithmetic through Fractions, Primary Geography (text-book), Language Lessons (Knox or Powell), Written Spelling, Copy-Books Nos. 2 and 3, Music.

FIFTH YEAR.
(Fourth Grade.)

SIXTH YEAR.
(Third Grade.)
Fourth Reader, Practical Arithmetic through Fractions, Geography of S. A. and Europe, Elementary Grammar (Reed and Kellogg), Familiar Science, Writing, Music.

SEVENTH YEAR.
(Second Grade.)
Fifth Reader, Practical Arithmetic through Percentage, Mental Arithmetic, Grammar, Geography completed, Music.
EIGHTH YEAR.
(First Grade.)

Reading, Practical Arithmetic completed, Grammar and Composition, U. S. History, Alcohol and Hygiene (Coleman), Music.

Instruction in sewing is given to all.

Weekly Bible Lessons and Composition Work throughout the course.

Written examinations are required in the studies of all the courses at the close of the Fall and Winter Terms, and oral examinations annually during the three days preceding Commencement; also written examinations are required frequently in common English branches, from all students above the Grammar School Course.

CALENDAR.

Examination for Admission, October 6, 1886.

Fall Term begins Wednesday, October 6, 1886.

Vacation Days, Christmas, New Years and February 22.

Baccalaureate Sermon, Sunday, May 22, 1887.

Public Examinations, May 23, 24 and 25, 1887.

Annual Meeting of the Trustees, May 25, 1887.

Commencement Day, Thursday, May 26, 1887.

Annual Meeting of the Alumni, May 26, 1887.
GENERAL INFORMATION.

MEMBERSHIP.

For membership in the Institution a person must have a good moral character, and must sign a pledge to abstain from the use of all intoxicating drinks and tobacco in every form, while a member of the school.

Good health being necessary for success in study, it is expected that none who are permanently weak or diseased will apply for admission. The Institution has had a good reputation for healthfulness, and the interests of the people for whom it was founded demand that this reputation should be maintained.

Pupils from other schools must present certificates of honorable dismissal.

Applications for admission should be made at least a month before the beginning of the school year.

Pupils should enter the first day of the school year, that they may be immediately classified, and thus lose no time.

Any who cannot be here the first day, should so time their coming as to get here on Wednesday, as Thursday will be the day for examination for admission.

Students lose their membership when absent one month. During vacation, as well as during term time, students are held amenable to the authority of the school.

Those who have not a fixed purpose to improve their time, and an earnest desire to fit themselves for usefulness, should not seek admission, as the presence of such is not tolerated.

The Institution is not sectarian in its religious instruction or influence, while aiming to be thoroughly Christian. It is open to all students of either sex.

EXPENSES.

Board, including furnished rooms, fuel, lights, and washing, per month... $9.00
Tuition in College Course .................. 2.00
Tuition in all other Courses .................. 1.00
Instruction in Instrumental Music ............ 1.00
Use of Instrument one hour per day ........... 1.00

All payments are due in advance on the first day of each calendar month. Fractions of a month are charged at a somewhat higher rate.
All pupils are required to work for the Institution at least one hour a day. This requirement makes the above low charges possible.

Remittances in payment of bills should be made by money-orders, drafts, in registered letters, or by express.

Make money-orders and drafts payable, during 1886-87, to H. Bumstead, and address all moneys to him. Receipts will be promptly returned.

STUDENT AID.

Some students have been aided during the past year by contributions from the friends of popular education. It is expected that this help will be continued.

The income of the King, the Cassedy, the Dodge, the Hastings, the Boyd and the Plainfield Scholarship Funds, is now available.

Persons should not come expecting to receive aid until they have applied for it and received a favorable answer. Those applying should state their pecuniary circumstances, their advancement in their studies, and, as far as possible, what pursuit they intend to follow.

It is expected that those who are aided, will, when able, return the amount to aid others.

TEACHING IN VACATION.

Nearly all of those who are sufficiently advanced in scholarship, aid themselves by teaching. The demand for teachers is usually in excess of the supply.

County Superintendents of Schools, and others desiring teachers from this Institution, will find it for their interest to arrange their schools, if possible, so as to include its summer vacation, viz: the months of July, August and September. Communications from all such officers will receive prompt attention.

Students of this Institution, desiring to teach, will be furnished certificates of membership and standing. As a means of protection against imposition, applicants for schools claiming to be from Atlanta University should be required to exhibit such certificates.

It is expected that a majority of the students will engage in teaching, and instruction in all departments is adapted to that end. Earnest efforts are made to induce young men to prepare for the ministry.
GRAVES LIBRARY.

By the liberality of the late R. R. Graves, Esq., of New York, and a few other friends, the library now contains over six thousand volumes. Mr. Graves also gave a permanent endowment of five thousand dollars, which insures its steady growth.

In connection with the Library is a Reading Room, well supplied with the leading papers and periodicals of the country, and the students have free access to both.

APPARATUS.

A good beginning has been made in procuring Philosophical Apparatus. Enough has been obtained for illustrating some of the simpler principles of Natural Science, and also instruments for Surveying and Engineering purposes.

An excellent telescope and microscope have been secured, largely by the gift of friends.

MUSIC.

Facilities for instruction in both Vocal and Instrumental Music are ample. The elements of Vocal Music are taught without extra charge, by the Tonic Sol-fa Method.

For practice in Instrumental Music, there are four organs and two pianos. (See expenses.)

INDUSTRIAL TRAINING.

The boys of the College, College Preparatory and Normal courses, and the first two grades of the Grammar School course, are taught the use of tools. (See Mechanical Course, p. 21, and Knowles Industrial Building, p. 28.)

The boys are also taught some of the principles of farming and gardening. Attention is given to the raising and care of stock, to the raising of fodder crops, their comparative value and fitness for this soil and climate. The cultivation of vegetables is encouraged by competition and prizes for the best results.

The girls are taught various branches of household science, such as plain sewing, dressmaking, cooking, and nursing the sick, to which an experienced teacher gives her whole attention in rooms fitted up for the purpose.
GOVERNMENT.

Discipline is administered with firmness and impartiality, and aims to induce a high moral sentiment which shall be in itself a powerful governing force in the school.

When it becomes plain that a pupil has not a fixed purpose to improve his time, and an earnest desire to fit himself for usefulness, parents will be requested to take him home.

Suspension from school is resorted to when other means of correction fail.

When students are exposing themselves to permanent harm, it is expected that high-minded individuals will be governed by the dictates of conscience and common-sense, rather than by any false sense of honor, in regard to disclosing the facts to the proper authority.

MISCELLANEOUS SUGGESTIONS.

Each pupil should bring a Bible. It is needed for private reading, for the Sunday-school, and for the weekly Bible lesson.

It is well to bring the text books formerly used.

All should be provided with warm clothing.

Young women must have rubbers and waterproofs.

The use of expensive and showy dress is not permitted. Silks, velvets and jewelry worn by school girls are indicative neither of good taste nor good sense. Prints, gingham and plain worsteds neatly made, and colored underskirts are the most approved wear. White dresses are not permissible—the washing of them being too expensive.

Parents will do well not to send clothing unless the request for it is endorsed by the Matron. No extra dress is required for the close of school.

Experience has taught that much evil comes from pupils receiving food or large quantities of fruit or candy from home. They are, therefore, not allowed to receive it. *Friends will please not send it.*

Letters should be directed to Atlanta University, Atlanta, Ga.

Students who do not board at their homes are not allowed to board out of the Institution, except by special permission.

Boarders are expected to furnish their own towels.

Keeping or using fire arms on the premises is forbidden.

During term-time, students shall not, without permission, actively participate in any political or mass meeting.

Students from a distance should arrange their journeys so as not to arrive on the Sabbath, as they will not be admitted on that day.
When going away, they should apply for dismission in season to arrive at home before the Sabbath.

Students are not allowed to make visits on the Sabbath, and their friends are earnestly requested not to call upon them on that day.

The Institution is the result of benevolent efforts, and that it be decidedly religious in its influence, without being sectarian, is the reasonable expectation of its friends. Among the appropriate means for securing such results, the Sabbath, with its religious services, is most important. The excitement of visiting friends prevents, in a great measure, the benefit that may be derived from a proper observance of the day.

It is desired to make the school, as far as possible, a home for those who attend. Not only their intellectual, but also their physical, social, moral, and religious culture, receive careful attention.

BUILDINGS.

The buildings are situated on high ground in the western part of the city, and are surrounded by about sixty acres of land belonging to the Institution.

DORMITORIES.—During the summer of 1869 a plain four-storied, brick building was erected, containing sleeping rooms for about forty pupils, and also a parlor, dining room, kitchen, etc. It was designed for a girls dormitory, but, during the first year, furnished all accommodations, both school and boarding, for boys and girls. In August of 1870, another building of the same style, but larger, containing sleeping rooms for about sixty boys, besides temporary school-rooms, was completed. In the summer of 1871 this building was enlarged by a wing, providing rooms for about forty additional pupils, and other school-rooms. In the summer of 1880, a portion of the gift of Mrs. Stone, of Malden, Mass., was used in erecting a wing to the first named building. This wing provides for fifty additional pupils, and has a large study hall.

In the summer of 1884, large rooms for the accommodation of the cooking classes and for other purposes, were added to this building.

STONE HALL —This building, erected in 1882, stands between the two dormitories, and is the gift of the late Mrs. Valeria G. Stone, of Malden, Mass. It contains the chapel and library; the school-room, recitation and lecture rooms for the more advanced students; the philosophical and chemical laboratory; offices, etc. This building and the two dormitories are heated by steam from one large engine.

KNOWLES INDUSTRIAL BUILDING.—This building, erected in 1884, is for the use of the Mechanical Department. It is a memorial of
the late Mr. L. J. Knowles, Worcester, Mass., his widow having appropriated from his estate $6,000 for its erection.

The building is of brick, one hundred by forty-four feet, and three stories high. One room, forty by fifty feet, is furnished with eighteen cabinet benches, each fitted out with the following tools: Rip saw, cut off saw, panel saw, back saw, compass saw, claw hammer, hatchet, mallet, jack plane, jointing plane, smoothing plane, block plane, four paring chisels, two mortising chisels, six bits and countersinks, bit brace, rule, steel square, try square, bevel, dividers, gauge, draw knife, spoke shave, screw driver, bradawl, nail-set, oil stone and oil can.

In another room are twelve wood turning lathes, run by steam power. More machinery will be added next year for both wood and iron work.

Other contributors toward the building and its furnishing are Mr. F. C. Sessions, of Columbus, O., $700.00; the Slater Fund, $500.00; a friend in New York, and friends in Massachusetts.

THE BARN.—A barn erected in 1882, forty by sixty feet, with cellar the same size, furnishes facilities for the development of the farm work of the Institution.

PROJECTED BUILDINGS.— Efforts are being made to raise money for a Cottage for the Housekeeping School, and also for a building for the Grammar School, which may give greater advantages as a practice school for the Normal Department.

Funds.

The school being almost entirely without endowments, is dependent upon the American Missionary Association for all support not derived from other sources.

The Legislature of Georgia, in 1870, appropriated to this school $8,000. The same amount was received in 1871 and in 1873. In 1874 a bill was almost unanimously passed making an annual appropriation of $8,000. The bill was entitled "An act equitably to adjust the claims of the colored people to a share of the Agricultural Land Scrip." It made the appropriation on condition that the Board of Visitors of the University of Georgia should also visit this school; that the money should not be paid by the Governor till a commission of three members of the Faculty of the University of Georgia had approved the plan of the Trustees for the expenditure of the money, and that the school should educate, free of charge for tuition, one pupil for every member of the House of Representatives, to be nominated by the members. The
Constitutional Convention of 1877 recognized the constitutionality of such legislation.

The Trustees of the John F. Slater Fund have appropriated $1,400 a year, a part of which is used for aiding students.

Mr. Tuthill King, of Chicago, has founded the King Scholarship Fund of five thousand dollars.

Mr. J. H. Cassedy, of New York, has founded the Cassedy Scholarship Fund of five thousand dollars.

The late Hon. Wm. E. Dodge, of New York, has founded the Dodge Scholarship Fund of five thousand dollars.

A friend has founded the Hastings Scholarship Fund of one thousand dollars.

The Plainfield Scholarship Fund consists of three hundred dollars, and the Garfield Scholarship Fund, now being raised, has reached the sum of $446.61.

The late Mrs. Sarah C. Boyd, of Bradford, Mass., has founded the Malcom Boyd Scholarship Fund of five hundred dollars.

WANTS.

Our most pressing needs at present are the following:

Donations for Student aid.

Donations for increased current expenses incident to the enlargement and improvement of our work.

Donations for additional buildings.

Donations for blacksmith's tools and iron-working machinery.

Donations for printing press.

Endowment of professors' chairs.

An endowment of at least one hundred thousand dollars for current expenses.

THE WORK OF OUR PUPILS.

Nearly all the graduates and many others who have left before finishing their course, are engaged in teaching during a part or all of the year. Besides these, during the three months of the summer vacation, a large number of students engage in teaching, and it is estimated that over ten thousand children in Georgia are taught, annually, by those who have been connected with the Institution.
To the Board of Visitors:

Your committee, appointed for the purpose of examining the work and condition of the Atlanta University, submit the following report:

The Institution owns sixty acres of land in the western portion of Atlanta, admirably suited, in topography, to the purposes of education. There are four large buildings used in the various departments of the school, affording ample accommodation for the large number of students in attendance. The equipment of every department, if not complete, is of the best style. None of the modern facilities of instruction have been omitted. The total investment has been about $150,000, nearly all of which has been contributed, from time to time, by the friends of the institution at the North. There are nineteen teachers and officers in charge of the various departments of the University. The curriculum is divided into five courses: Preparatory, Grammar School, Normal, College and Mechanical. In these several courses the students are given instruction in the Classics, Mathematics, Sciences, English, Temperance, and Methods of Teaching. The curriculum, while not so complete as the usual college course, is well adapted to the requirements of the students.

The Mechanical course has been recently adopted as a part of the curriculum. All students of the Normal and College courses are required, in addition, to take the Mechanical course. This department is in charge of a practical mechanic, who teaches, during the first year, the use of wood-working tools, and in the second, the use of the lathe and jig saw. In the third year, pattern-making, drawing with instruments, and metal working are taught.

In the boarding department the females are taught the various kinds of home-work—cooking, sewing, etc.

All the male students are required to work on the college farm one hour each day. Small areas of ground are assigned to the pupils for competitive work, and premiums are given to the successful.

In the examination of the work done in these several departments, your committee have been impressed with several facts:

1. **The Complete Equipments.**—All that money can supply in making the steps of education easy have been brought into requisition for the benefit of the students.

2. **The Perfect Order and Discipline.**—In the various assemblies, during our presence at the University, good order prevailed, manifesting a state of perfect discipline. There was no defacement of
floor and walls, which would be expected in a school of young people.

3. The Clearness of Statement in Examination.—We desire to state that, in our opinion, in testing the knowledge of pupils, oral examinations are not so accurate a method as written. In the short time assigned for recitation, it is impossible to determine each pupil's knowledge. But in the oral examination conducted in our presence, we desire to especially commend the clearness and exactness of statement in rendering answers. The examination in every department exhibited a thorough text-book training.

4. The Methods of Instruction.—We cannot too highly commend the patient, pains-taking, enthusiastic teachers who seemed fully equipped in mind and heart for the great work in which they are engaged.

Finally, The Mechanical Course.—Recognizing the fact that the greatest benefit to the State from the education of the colored man lies in his preparation for agricultural and mechanical occupation, we feel that this department deserves special notice.

We feel sure that if the students of the University are sent into active life as practical mechanics, the charge cannot be made that mere drones are thrown upon society. On the contrary, the special demand of the times seems to be practical workers in all the departments of business; and if the same feature were added to all the schools of our State, we cannot but believe that, within a few years, Georgia would not find it necessary to draw upon other sections for the practical development of her resources.

During the past year 297 students have been in attendance.

Of this number 171 are boarders, representing 58 counties. Under the statute each representative may appoint one student to be taught at the University free of charge.

Since its inception, in 1876, this institution has graduated 133 students. Of these graduates 81 have become teachers, 6 ministers, 3 lawyers, and 8 have been in the service of the United States Government. Some are reported as "in business;" others are not reported at all. The number of graduates does not represent the number who have been under the tuition of the University.

A great many have not continued to graduation. It is estimated that several thousand have been, from time to time, connected with the University. Under the influence of this and other institutions, the
illiteracy of the colored population will be steadily reduced. In conclusion, from a careful examination of the management of the Atlanta University, we cheerfully commend it to the fostering care of the State. Respectfully submitted.
