GENERAL INFORMATION

CLARK UNIVERSITY is a Christian school, founded in the year 1870 by the Freedman's Aid Society of the Methodist Episcopal Church. It is open to students of all classes, and both sexes, the sole conditions of admission being a desire to learn, good moral character, and obedience to lawfully constituted authority.

Location

The buildings and grounds are located just south of the corporate limits of the city of Atlanta, Ga. The campus is sufficiently elevated to overlook the city, and has perfect drainage on all sides. It is beautifully shaded with oaks and pines which, with its elevation—1,200 feet above sea level—makes it a delightful retreat even in midsummer. It would be difficult to find a more healthful location in the United States.

Accessibility

The South Pryor and Federal Prison electric car line passes the campus gate, affording frequent communication with the center of the city. Atlanta is the great railroad center of the South, and is readily accessible from all points. The city contains about one hundred and eighty thousand inhabitants, and enjoys all the conveniences of modern city life making it an admirable location for a large school.

Buildings

Chrisman Hall, a large commodious brick building, named for Mrs. Eliza Chrisman, of Topeka, Kansas, is the main edifice. The two lower stories are devoted to recitation rooms, study rooms, library and offices; the upper, to professors' rooms,
young men's dormitory, reading room and young men's reception room.

The chapel occupies the third floor in the south wing, and will accommodate an audience of six hundred. The dormitory accommodates one hundred students.

Warren Hall, a four story brick building, named in honor of Bishop Warren, contains the boarding department and young women's dormitory. The dining hall is large enough to seat comfortably three hundred students; the dormitory accommodates ninety. The building is well equipped with kitchen, laundry, store-room cold-storage, etc.

Thayer Home, named in honor of E. O. Thayer, D. D., of Barre, Vermont, a former president of Clark University, accommodates thirty young women as resident students. This Home is for the training of young women in the essentials of homemaking, and for the teaching of industries.

Ballard Hall, a brick structure, is a gift of the late Stephen Ballard, of Brooklyn, N. Y. The first floor is occupied by the Physical Laboratory and the Printing Department. Large, well equipped Chemical and Biological Laboratories and lecture-room occupy the second floor.

The Iron-working Department occupies a one-story brick building.

There are also on the grounds a modern barn and other out buildings for the use of the Agricultural Department.

A new dairy barn and creamery have been erected during the past year, equipped with the most modern appliances for sanitary and efficient service in caring for this part of our work. The barn and creamery both have cement floors, electric lights, and the best arrangement for proper care of milk. This entire plant, costing $3,000 is the gift of Mr. William Deering, of Chicago, Ill.

In addition to these buildings are five cottages used as teachers' residences.

All buildings are heated by steam.
Terms of Admission

Students under six years of age will not be enrolled.
Boarding students under fourteen years of age will not be admitted.
Students are admitted and classified by examination, or by certificates from accredited schools.
Every student may choose the course he wishes to pursue, but when it has been chosen, he cannot change it without the consent of the faculty. Special students may select such courses as, in the judgment of the faculty, they are capable of pursuing profitably, but no change will be made in the schedule of recitations to accommodate them. Pupils coming from other schools must present a certificate of honorable dismissal.

Government

No pupil will be assigned to a room or admitted to a class until he presents a ticket showing that he has settled with the Registrar. The act of registration pledges all pupils to obey the regulations of the school until formally released therefrom.
In addition to the observance of specific regulations, all students are expected to work. Immorality, the use of alcohol and tobacco will not be tolerated. The discipline of this school is designed to encourage self-government. Every influence is thrown around the student to develop culture and character.
The purpose of the institution is to promote broad and accurate scholarship, along with a high type of character. Only such as manifest earnestness and moral purpose can remain connected with the institution. Those who disregard the few necessary rules framed for the individual and general good, separate themselves from the University.

Privileges

Resident male students, sixteen years of age or more, who have been members of the school for at least one month, and who during that time, have proved themselves studious and law
THE CLARK UNIVERSITY CATALOGUE

abiding, shall be regarded privileged students. These are permitted to be absent from the grounds between the hours of 4:30 p.m. and 5:30 p.m. on school days, and between 2 p.m. and 5:30 p.m. Saturdays. No other resident student is allowed to leave the campus without written permission. Young women are not permitted to leave the grounds at any time without a chaperon.

The Religious Atmosphere

The life of the University from its beginning has been directed by men and women of unswerving faith in Christianity. No religious tests are imposed on any student. Perfect freedom is guaranteed to everyone. At the same time it is true that the authorities of the University believe that religious development is a matter of primary importance, and that no intellectual culture can compensate for this dwarfing of the religious nature. The atmosphere of the University is frankly and unequivocally Christian. It stands for broad and strong scholarship and the highest moral and religious life.

Chapel exercises are held every day in the week, with the exception of Sunday, under the direction of members of the faculty. All students are required to be present at these exercises.

The University is a regular appointment in the Atlanta Conference. The professors of Gammon Theological Seminary supply the pulpit.

All students are required to attend chapel services each day. Boarding students are required to attend services each Sunday in the University Church, and are not allowed to leave the campus on Sunday without permission.

Board and Room

The dormitories of the institution have been fitted up with a view to making the students as comfortable as possible in every way. The rooms are well lighted and are furnished with plain

*Juniors and Seniors at any time that will not conflict with their studies.
and substantial furniture. As many of the teachers occupy rooms in these dormitories, the opportunity for association with them is a valuable part of the training received.

The boarding department has recently been refitted and every effort is made to give the students good, wholesome food.

**Boarding Hall**

All students from a distance are required to board and room on the campus, unless especially excused by the faculty.

No student will be permitted to board off the grounds excepting in places that have been approved by the faculty.

Parents should not make other arrangements without consulting the faculty. The institution assumes no responsibility for students who are boarding off the grounds.

All bills are due in advance, and should be paid by the first of each scholastic month. Students whose bills are not settled within ten days after due may be excluded from the school.

All seniors are required to board and room on the campus.

A Key-Fund deposit of $2.00 is required of each boarding student upon entering school to cover possible damages to room furnishings. When a student withdraws from school, all the money not expended for damages is refunded.

**Uniform for the Young Women**

The faculty of Clark University has adopted a costume for the young women boarding on the campus, to be worn at the public exercises of the school, including Sunday services, and whenever students leave the campus.

These costumes will be provided at the school and no others will be accepted for substitutes. Arrangements have been made with one of the leading firms of the city, to furnish them at first cost. The suits will be of heavy blue cheviot and will cost from $10 to $12.

The dressmaking department will duplicate the same costume in cheaper material for students who wish a less expensive suit. Hats may also be purchased at the Thayer Home at the school.

Self Help

The question of expense is always perplexing for the reason that most students attending college in the South are purposeful young people who must largely support themselves. Students are urged to help themselves as far as possible, and some do earn their way through the University. The institution requires of every boarding student one hour's work each day for the University. For work over this time, wages are paid at the rate of 7 1/2 cents per hour. Hitherto we have been able to furnish a few students with work on the campus to the amount
of two or three dollars per month, but we cannot guarantee to furnish work. Atlanta offers many facilities to those desiring employment, and we can often assist them to secure positions. Independence and self-reliance are constantly taught. It is possible for a few deserving students in the advanced classes to secure loans, through the recommendation of the University, from the Board of Education of the Methodist Episcopal Church.

Advice

On arriving in Atlanta, take any east bound car at the Terminal Station and ask for a transfer to the South Pryor and Federal Prison car and get off at the campus gate, in full view of the University buildings. Arriving at the Union Station, take the Federal Prison Car at the Whitehall street viaduct. Bring your check with you and present it to the Registrar who will have your trunk transferred for twenty-five cents. By so doing you will save money. Students are requested to avoid Sunday travel as much as possible.

Plan to arrive in the city in daylight, as it is inconvenient to reach the University at night. The cars cease running at 12 p.m.

When parents send daughters without an escort, if they will notify the President of the time of their arrival, some one will be waiting at the station to receive and conduct them to the University.

Students are requested to send money direct to the President, who will credit it as instructed, and send a receipt by return mail. Remittance direct to the President will guard against extravagance. Instructions from parents as to the amount to be allowed for personal expenditures will be strictly followed.

Students should be provided with umbrellas, overshoes and waterproof garments, as recitations are conducted without regard to weather.

Every student must provide himself with sheets and pil-
LOW CASES AND A STOUT BAG IN WHICH TO CARRY HIS CLOTHING TO
AND FROM THE LAUNDRY. CLOTHING MUST BE PLAINLY MARKED,
in indelible ink, with the owner's name.

Without text books it is impossible to accomplish satisfactory work. We cannot expose both student and teacher to a serious disadvantage, and, therefore, shall exclude from the classroom all students who are not provided with necessary books. Every boarding student is expected to come furnished with a Bible. Students must pay for books when they take them from the book room. No credit on books.

Library—L. H. King, Librarian

There are about two thousand volumes in the Library. Will not some benevolent friends endow this Library, so that each year it may be replenished with valuable works as they are issued from the press?

Reading Rooms

The students have access to three reading rooms: two for the young women in Warren Hall and Thayer Home respectively and one in Chrisman for the young men. These rooms are supplied with the leading magazines and secular and religious papers.

Literary Societies

The Alpha Sigma and Philomathian Societies for young men and the Marigold Club for young women furnish ample opportunity for practice in extemporaneous speaking and parliamentary usages.

Adjunct Schools

Principals of high schools and of grammar and district schools will be furnished with catalogues containing our courses of study. We invite correspondence with the view of making their
courses and ours articulate as closely as possible, so that students may enter the University at any time without suffering the disadvantages arising from widely diverging courses of study. Most of our patronage must come from public schools, but we are especially anxious to cultivate friendly relations with Cookman Institute, Jacksonville, Fla.; La Grange Academy; The Haven Academy, Waynesboro, Ga., and the Haven Home, Savannah, Ga. We invite correspondence from the principals of these schools with regard to pupils who may desire to enter advanced classes. Address the President of Clark University, South Atlanta Station, Atlanta, Ga.

The Marigold Club Scholarship

The Marigold Club Scholarship of $50, founded in 1907, is open to the young women of the school on the following conditions:

No. 1. The scholarship is to be given to an ambitious girl prepared to begin the Preparatory work of the Third Year.

No. 2. She must be a sincere, sober and zealous Christian.

No. 3. She must pass special examinations in the Second Year English, Latin, Mathematics and History with an average of 90 per cent.

In the work of the Third Year she must maintain an average of 80 per cent. in order to retain the scholarship for the following year.

No. 4. If a Clark University student, she must maintain an average of 80 per cent. in her past year's work, in order to be a candidate for the scholarship. She must also have an unquestionable record of deportment.

No. 5. She must at the time of examination, write an essay containing five hundred words on some subject presented by the Marigold Club. The essay, together with her examination paper, is to be rated by the English Instructor of Clark Univer-
sity and one Instructor from two other schools. The essay must be marked as high as 90 per cent.

No. 6. Any young woman desirous of taking the examinations for the scholarship must make formal application to the Secretary of the Faculty on or before the second Saturday after the opening of school in the fall. The examinations will begin on the third Friday of the school year.

No. 7. The application for the scholarship must be endorsed by the principal of the school that the candidate last attended, by her pastor and three good women of that church.

Department of Instruction

The University comprises the following departments: The College, The Preparatory, The Normal, The Grade, a school of Agriculture, Printing, and Domestic Science.

Information Relating to Entrance

The privileges of all departments of the University are extended to both sexes alike. The students of the College Preparatory and Normal Departments enjoy all privileges open to the students in the College Departments, including library, lectures, laboratories, religious and social privileges.

Examinations for admission to any of the departments of the University are held in the fall at the opening of the college year. See announcements.

Students entering on other than registration days are required to pay a registration fee of one dollar in addition to other inci-dentials.

All applicants for admission to the first year of the Preparatory or Normal School must either pass a satisfactory examination in subjects covered by the Grade School of this Institution, or must present a certificate showing that they have completed an equivalent course in other schools.

All College students are required to be in school by the middle of October of their Senior year.
Special Music Students

Special students in music will be enrolled on condition that they devote at least four hours per day to music, and that they take at least one other subject prescribed by the head of the department of music.

Admission to Advanced Standing

Candidates for advanced standing are not admitted later than October of the year in which they expect to graduate. All students from other schools must present certificates of honorable dismissal and give satisfactory evidence of preparation for the course that they desire to enter. The amount of credit to be obtained for work done in another institution is determined by a committee of the faculty. No advance credit will be given without examination, except for work done in an approved school. No student will be recommended for a Bachelor's degree until credit has been obtained for at least one full year of work in residence at this institution.

Admission on Probation

Any applicant deficient in not more than one of the subjects required for the rank to which he seeks admission, may be admitted conditionally by the faculty. All such conditions must be removed before the student will be permitted to begin the work of the next year.

It should be clearly understood that students admitted on probation, and students admitted on certificates from other schools, are subject to the following regulation:

If the work of a student shall prove unsatisfactory in the first semester he shall either be reclassified or required to withdraw from the school until the beginning of the next year, when he must review the work.
Courses of Study

The courses of study here presented and scheduled are the ones provided by the annual Association of College Presidents of the Freedman's Aid Schools at the annual meeting in Nashville, Tenn., March 4-9, 1910. The purpose in making this course is to provide for uniformity in the plan of instruction among our schools, and to secure the twofold purpose of education: first: to acquire knowledge, and second: to train the mind to think.

In making a comparison between this course and the one already in operation in Clark University, it is found to contain but little that is essentially different except the arrangement of the studies. The actual requirements are about the same.

The completion of either of these courses will lead to graduation. Those completing the Classical Course will receive the degree of Bachelor of Arts. Those completing the Normal Course will receive a diploma.

The credit system is established along with the new curriculum. The Classical College Course contains 152 credits; the Preparatory Course contains 190 credits and the Normal Course entire 200 credits. By "credit" is meant the number of recitations per week in a single study. This is indicated on the schedule pages 30—32, by the small figures following each study as it is named. The 190 credits and the 152 credits of the College course making 342 are necessary for graduation in the Classical Course, and 200 in the Normal course.

All candidates for graduation are required to be present at the services at which the Baccalaureate service is preached, also to participate in the commencement exercises as the faculty may determine. On both these occasions the academic costume (cap and gown) must be worn.

All University fees must be paid by each candidate before a diploma is issued to him.
The Agricultural Department at Clark University is open to students desiring to take a course in agriculture, or to work their way in school. Persons applying should be 16 years of age, of good moral character, in good health and willing to work.

All applicants, wishing to work their way, are required to bring with them, 1 dress suit, 1 every-day suit, 2 suits of overalls, 1 pair of work shoes, 1 pair of dress shoes, 1 work hat and 1 dress hat, 2 suits of underwear, 4 shirts, 6 pairs of socks, 6 collars, 2 pairs of cuffs, 1 tooth brush and 1 comb and brush, and $2.00 to be deposited to cover breakage and damage to furniture.

Any frugal student bringing the above named articles, and working eight hours per day and going to night school the first year, may pay his expenses, and also earn a credit which will enable him to enter the day school the second year; and by working after school hours and during the vacation of the second year, he may pay his expenses, and also earn a credit which will enable him to continue in the day school the third year. By working in this manner after his first year in school, the student may attend day school until he completes his education. Thus, we hope to put an education within the reach of every Negro youth who is willing to work for it.

All students desiring to enter this department should write for application blanks, which are to be filled out and returned before they enter school.

The student will be required to sign a contract, stating his willingness to work under the regulations of this Department.

THE DEPARTMENT OF DOMESTIC ECONOMY

This department is carried on in Thayer Home, a modern and convenient building on the campus, erected and maintained by the Woman's Home Missionary Society of the Methodist Episcopal Church. A limited number of girls are resident students, who do the work of the home alternately, so as to give a practical knowledge of housekeeping. Lectures are given during the year on physical culture, and social ethics. Its aim is to fit young women to conduct and adorn a modern and Christian home. All girls students of Clark University, receive training in the Classes in Domestic Science.

A Kindergarten has been in operation for seven years, and we aim that this department shall not only afford training for children, but also be a course for the benefit of young women who look forward to work among the children.

COURSES OF STUDY

Dressmaking

Time required.

Drafting .................................................. 2 lessons a week.
Model work .............................................. 2 lessons a week.
Practice work .......................................... 12 lessons a week.

All students are required to provide themselves with shears, tapemeasure and thimble.

Certificates from two courses will be given from this department. Candidates for the first must have a general English education, and will be recommended as dressmakers.

For the second, in addition to the requirements of the above course, candidates must be graduates from the Normal course or from the College Preparatory course, with one year of practice teaching in sewing, and will be recommended as teachers of sewing.

Charge of $1.00 per month payable in advance.
