. . . the 1966 PANTHER to Dr. Wiley S. Bolden, Dean of Faculty and Instruction. Dr. Bolden spearheads the academic endeavors of Clark with a proficiency rarely surpassed.

He is the man most often found in both student and faculty huddles. His ability as a leader and his magnetic personality render him a wise counselor, a dynamic educator, a noble friend, and a great man in the hearts and minds of all.

Dr. Bolden, by his example, has made "Culture for Service" a magnificent theme in the lives of Clarkites.
